

REMARKS

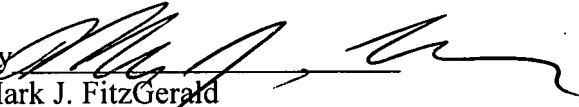

Claims 1-75 are currently pending in the application. Claims 1-73 are presently under examination. Claims 74-75 are withdrawn as being drawn to non-elected subject matter.

The Office Communication stated that claims 74 and 75 were indicated as "Withdrawn" in the Amendment filed December 21, 2006, but that the text of these claims was not recited in the Listing of the Claims.

The Listing of the Claims herein above includes the text of withdrawn claims 74 and 75. No substantive amendment is made. No new matter is added. Applicants believe the Listing of the Claims provided herein is sufficient to overcome the objection raised in the notice.

Dated: April 23, 2007

Respectfully submitted,
